I am probably the "right" person to talk to about this...but I don't have a clear picture in my mind of what we are talking about. I will talk with Janet – who probably has pictures and a better idea of what this removal would entail.

The only exemption from a permit I see that might be applicable is "watershed restoration projects" but I am not sure because I don't really know what we are talking about.

Sincerely,

Nicole Floyd

Subject: RE: Sesko Tideland Pontoons

Mark,

Mrs. Sesko has inquired whether it would be possible for her to arrange to dismantle the pontoons in place and haul the scraps away. She says that she has a contractor that would be willing to do the work. My question is whether the activity would be permissible in the shoreline area under the City code. Should I speak with Janet Lunceford about the proposal?

Terry Pruitt

Subject: Sesko Tideland Pontoons

Mark,

DNR is again turning its attention to the pontoons the Seskos have moored in the harbor area in the Port Washington Narrows. DNR is investigating whether it could get someone to tow the pontoons to Seattle Iron to be scrapped. To do so, the hatches on the pontoons would need to be welded shut. Who should I talk to at the City about the permits that DNR or the contractor would need to obtain for the activity?

Terry Pruitt
